## MATERIAL SAFETY DATA SHEET

### Product: Phosphoric Acid solution

#### Company Details

**Supplier:** Active Chemicals Pty Ltd      **Telephone No.:** 02 9826 0201  
**Address:** 4/20 Powdrill Road      **Facsimile No.:** 02 9826 0208  
Prestons NSW 2170      **Email:** williamsay@optusnet.com.au

#### Emergency Telephone No.:

**Business Hours:** 02 9826 0201  
**After Hours:** 000 Fire brigade or Police

### IDENTIFICATION

**U.N. Number:** 1805      **Class:** 8  
**Hazchem:** 2R      **Poisons Schedule:** 6  
**EPG:** 8A1      **Packaging Group:** III

Classified as hazardous according to criteria of NOHSC

#### Ingredients

Chemical Entity	CAS No.	Proportion
Phosphoric acid	7664-38-2	60 -85%
Water	7732-18-5	15-40%

#### Other Names

Ortho Phosphoric acid

#### Uses

Pickling and rust proofing metals, fertilizers, chemical intermediate, soaps and detergents, food processing, pickling, metal cleaning, laboratory reagent, pH adjuster.

#### Physical Description / Properties

**Appearance:** Transparent solution.  
**Flash point:** N/A      **Specific Gravity:** 1.685 @ 85%  
**Boiling point (°C):** 158 C      **Viscosity:** 32cp @ 85%  
**Melting Point (°C):** 23 C 85%      **Solubility in Water (g/L):** soluble  
**Vapour pressure:** n/a

#### Other Properties

Doc Title:	MSDS Phosphoric acid	Doc ID:	QA1
Version:	2.3 CURRENT	Version Date:	15/4/08
Authorised by:	WS	Page:	1 of 5

Professional Cleaning chemicals

**Odour:** characteristic odour  
**Solubility:** Soluble in water

## HEALTH HAZARD INFORMATION

### Health Effects

Symptoms that may arise if the product is mishandled are:

#### Acute

**Swallowed** Causes burns to the mouth, throat and stomach. Can cause nausea, breathing difficulty, shock, acidosis, convulsions and collapse.

**Eye** Causes irritation or burns.

**Skin** Causes irritation or burns.

**Inhaled** Causes irritation or burns.

#### Chronic Effects

Repeated or prolonged skin contact may lead to irritant contact dermatitis.

***As with any chemical - ingestion, inhalation, and prolonged or repeated skin contact should be avoided by good occupational work practice.***

#### First Aid

**Swallowed** Rinse mouth thoroughly with water immediately. Give 1 – 3 cups of milk or water to drink. Seek medical attention immediately. Do NOT induce vomiting.

**Eye** Immediately irrigate with copious quantities of water for at least 15 minutes. Eyelids to be held open. Seek immediate medical assistance.

**Skin** Immediately wash with copious amounts of water for at least 15 minutes. Remove contaminated clothing and wash before re-use. Seek medical advice.

**Inhalation** Remove victim from exposure - avoid becoming a casualty. Seek medical advice.

**Poison Information Centres** in each State capital city can provide additional assistance.

## Advice to Doctor

Treat symptomatically.

## PRECAUTIONS FOR USE

### Exposure Standards (for atmospheric contaminants in the occupational environment)

No value assigned for this product by the NOHSC (Workcover). However, the exposure standard for the acid constituent is:

	TWA		STEL	
	ppm	mg/m <sup>3</sup>	ppm	mg/m <sup>3</sup>
Phosphoric acid		1		3

## Engineering Controls

Maintain concentration below recommended exposure limit. Use in a well-ventilated area. Avoid generating and inhaling mists and aerosols. Keep containers closed when not in use. If risk of overexposure exists, wear SAA approved respirator to comply with Australian Standards, ensuring correct fit to obtain adequate protection.

## Personal Protection

**Eyes:** The use of a face shield, chemical goggles or safety glasses with side shield protection as appropriate.

**Skin:** Rubber or PVC gloves, overalls or PVC suit, safety or rubber boots

**Respiratory:** If mist is generated the use of a air fed respirator is recommended.

Avoid contact with eyes and skin. Avoid prolonged or repeated exposure.

Always wash hands before smoking, eating, drinking or using the toilet.

## Flammability

Not combustible material.

## SAFE HANDLING INFORMATION

### Storage and Transport

Doc Title: MSDS Phosphoric acid  
Version: 2.3 CURRENT  
Authorised by: WS

Doc ID: QA1  
Version Date: 15/4/08  
Page: 3 of 5

# Active Chemicals Pty Ltd

ABN 16 117 075 180  
Professional Cleaning chemicals

Classified as a Dangerous Good for the purposes of transport.

Use only plastic (PE, PP, PVC) or fibreglass containers/vessels – corrosive to mild and stainless steels. Other tanks should be lined with acid resistant materials. Pumps should also be lined with acid resistant materials.

## Spills

Clear area of all unprotected personnel. Wear protective equipment to prevent skin and eye contamination including breathing apparatus.

Do not allow spill material to enter the environment. Neutralise spill then contain material using inert absorbent material eg vermiculite. Place into suitable labelled containers and hold for waste disposal. Wash area down with excess water once removed.

## Disposal

Refer to State and Land Management Authority and relevant Environmental Protection Authority.

## Fire / Explosion Hazards

Conditions to avoid:

Can react with metals to produce explosive hydrogen gas. Fire fighters are to wear self contained breathing apparatus and full protective clothing.

Materials to avoid:

Strong alkalis.

Hazardous Decomposition Products:

May produce hydrogen and /or corrosive gases in contact with metals.

Extinguishing Media:

Fire fighters should wear full protective clothing including self-contained breathing apparatus. In case of fire use water, foam, carbon dioxide, dry powder.

## OTHER INFORMATION

## Toxicity

Toxicology:

Strong mineral acid, corrosive to all tissue. Oral LD50 (rat 1530Mg/Kg)

## Risk Statement:

R36/37/38 Irritating to eyes, respiratory system and skin.  
R41 Risk of serious damage to eyes.

## Safety Statement:

S7/9 Keep container tightly closed and in a well ventilated place.  
S26 In case of contact with eyes, rinse immediately with plenty of water and Seek medical advice.  
S44 If you feel unwell, contact a doctor or Poisons Information Centre immediately (show the label where possible).

Hazard Category: X1  
Harmful, Irritant
